

Manish Bhardwaj

Computer Science (AIML) Student

(+91) 8930141138 / talktomanishbhardwaj0010@gmail.com / [GitHub](#) / [LinkedIn](#) Mathura, Uttar Pradesh

Summary

Third-year computer science student at GLA University, Mathura. Passionate about building intelligent solutions using AI and machine learning. I believe in practical learning through hands-on projects, competitions, and real-world challenges. Constantly expanding technical expertise while nurturing leadership and teamwork skills.

Education

Vivekanand Sr. Sec. School, Dharuhera, Rewari, Haryana
(CBSE)

Senior Secondary (12th), 2023 – 81.2% , Secondary (10th), 2019 – 91.2%

GLA University — Mathura, Uttar Pradesh

B. Tech in Computer Science Specialization with (AIML & IOT)
(Expected Graduation: 2027) - (CGPA 7.37)

2023–2027

Skills

- **Languages:** Python, Java, HTML, CSS
- **Libraries & Frameworks:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, TensorFlow, Streamlit, Keras
- **Tools & IDEs:** VS Code, Google Collab, GitHub, Jupyter Notebook, Eclipse
- **Robotics:** Webots, Kaggle, Neural Network
- **Soft Skills:** Leadership, Teamwork, Communication, Project Management

Projects

E-Commerce Recommendation System: [\(View Project\)](#)

- Designed Developed an e-commerce product recommendation system using content-based, collaborative, and hybrid filtering.
- Built and trained models in Python and integrated them with a Flask web app for real-time suggestions.
- Enhanced skills in data processing, similarity measures, and deploying machine learning models.

Benchmark_Fulfilment_Centre_Cost_of_a_D2C_E-commerce_Business: [\(View Project\)](#)

- Conducted a comprehensive cost benchmarking analysis for fulfilment centers supporting a D2C e-commerce model using Excel.
- Compared warehousing vendors (e.g., Warehousing.com, Warehousity) based on storage, inbound, and handling costs via structured rate card frameworks.
- Built a dynamic cost calculator using operational metrics (order volume, picked quantities) to identify the most cost-effective service provider.
- Enabled data-driven logistics decisions by analyzing real-world quotations and optimizing fulfilment cost strategies.

Personal_AI_Career_Coach

- Built an intelligent platform that analyzes resumes using LLMs, generates personalized learning roadmaps for target roles, and delivers daily study reminders via email. Integrated RAG-based Q&A, progress tracking with quizzes, and an interactive dashboard to support career readiness and accountability. [\(View Project\)](#)

Certificates

- **Benchmark_fulfilment_centre_cost_of_a_d2c_e-commerce_business** (SkillCred) [\(View\)](#)
- **Machine learning and Image Processing** (thingqator) [\(View\)](#)
- **JOVAC-Applied-Machine-Learning-with-Gen-AI** (W3Grads) [\(View\)](#)

Activities

Clubs: Kabaddi., **Competitions:** Startup India Pitch Presentation, kabaddi (state championship).

Micro Internship: Data Analytics at [SkillCred](#)
